Report of Independent Auditors

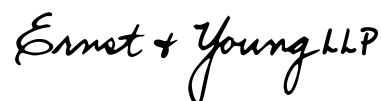

The Board of Directors
The Susan G. Komen Breast Cancer Foundation, Inc.

We have audited the accompanying consolidated statements of financial position of The Susan G. Komen Breast Cancer Foundation, Inc. dba Susan G. Komen for the Cure and its Affiliates (the Organization) as of March 31, 2008 and 2007, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Organization's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Susan G. Komen for the Cure and its Affiliates at March 31, 2008 and 2007, and the consolidated results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the 2008 consolidated financial statements taken as a whole. The accompanying consolidating statement of financial position by Affiliate as of March 31, 2008, and consolidating schedule of revenue by Affiliate and consolidating schedule of functional expenses by Affiliate for the year ended March 31, 2008, are presented for purposes of additional analysis and are not a required part of the 2008 consolidated financial statements. Such information has been subjected to the auditing procedures applied in our audit of the 2008 consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the 2008 consolidated financial statements taken as a whole.

Notes to Consolidated Financial Statements

March 31, 2008

1. General Information and Summary of Significant Accounting Policies

General Information

The Susan G. Komen Breast Cancer Foundation, Inc. (the Organization), a Texas not-for-profit corporation, was incorporated in July 1982. During fiscal year 2007, the Organization began doing business as Susan G. Komen for the Cure. The primary mission of the Organization is to eradicate breast cancer as a life-threatening disease by advancing research, education, screening and treatment. Research advancement is achieved through relationships with medical and cancer centers throughout the United States, as well as internationally. Treatment and screening programs, primarily funded through the Organization's Affiliates, produce affordable treatment and screening for the medically underserved and other target populations. The Organization's reach has expanded tremendously since its inception, due in large part to the Komen Race for the Cure® Series (The Race Series) and other fund-raising programs and events, as well as the Organization's many donors, corporate partners and educational initiatives and materials. As a result of this heightened awareness of breast cancer, millions have received the life-saving message of early detection.

During fiscal year 2008, the Organization formed Susan G. Komen for the Cure Advocacy Alliance (the Alliance) under Section 501(c)(4) of the Internal Revenue Code (the Code). The Alliance was established to enhance the Organization's public policy efforts. For the year ended March 31, 2008, the Organization included the Alliance in its consolidated financial statements in accordance with Statement of Position 94-3, *Reporting of Related Entities by Not-for-Profit Organizations* (SOP 94-3).

International affiliates of the Organization operate in Italy, Germany and Puerto Rico under three separate International Affiliate Agreements. In accordance with SOP 94-3, the financial statements of the three international affiliates are not included in the consolidated financial statements. The Organization does not currently exercise economic or board controlling interests over any of the three international affiliates.

The consolidated financial statements of the Organization include the activity of the Organization's International Headquarters, the Alliance, and 122 Affiliates in 2008. For 2007, the consolidated financial statements included the activity of the Organization's International Headquarters and 122 Affiliates. All significant intercompany accounts have been eliminated in the accompanying consolidated financial statements. The Race Series, a series of 5K and

one-mile walk/runs, was held in 114 and 117 cities across the United States during 2008 and 2007, respectively. Up to 75% of the net proceeds generated by the Affiliates is used to fund breast cancer education, treatment and screening projects within the local communities. The remaining 25% is used to fund breast cancer research and project grants on a national level.

In fiscal year 2004, the Organization became the net beneficiary of the Breast Cancer 3-Day, a project of the National Philanthropic Trust (NPT), an independent nonprofit organization. The Breast Cancer 3-Day is a series of three-day walks that raise funds for the fight against breast cancer. Twelve events took place in both fiscal years 2008 and 2007. The combination of the events is considered "The Series." NPT is the event manager for The Series. As the primary beneficiary, the Organization received 85% of the net proceeds to support breast cancer research, education, screening, and treatment programs. The remaining 15% of the net proceeds was directed to the NPT Breast Cancer Fund, a special interest fund for breast cancer initiatives. A total of \$41.6 million and \$42.2 million in net proceeds was received by the Organization in fiscal years 2008 and 2007, respectively, and is included as a contribution in contributions, sponsorships, and race entry fees in the consolidated statements of activities. Fourteen events are scheduled to occur in fiscal year 2009. NPT is not financially interrelated with the Organization.

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States for not-for-profit organizations. Under these provisions, net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Expenses are classified as unrestricted. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Unrestricted net assets – board designated – Unrestricted net assets designated by the Board of Directors as restricted for mission expenditures. During 2008, the Board of Directors designated \$1,000,000 restricted for a general endowment fund.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that will be met either by actions of the Organization and/or the passage of time. When a restriction is satisfied or expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the unrestricted net asset class.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

1. General Information and Summary of Significant Accounting Policies (continued)

The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted revenue. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed Goods and Services

Total contributed goods and services for the years ended March 31, 2008 and 2007, were approximately \$56.5 million and \$52.6 million, respectively, and primarily relate to local television, radio and newspaper advertising for The Race Series events. Contributed materials and equipment are reported as contributions in the accompanying consolidated financial statements at their estimated value at date of receipt. Contributed services are reported in the accompanying consolidated financial statements at the fair value of the services received. The contribution of services is recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

In addition, the Organization receives services from a large number of volunteers who give significant amounts of their time to the Organization's programs, fund-raising campaigns and management. No amounts have been reflected for these types of donated services, as they do not meet the criteria outlined above.

Contributions

Contributions, including unconditional promises to give, are recorded when received or pledged. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and all highly liquid investments with a remaining maturity of three months or less when purchased.

Investments and Investment Revenue Recognition

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value.

Investment income includes dividends and interest and is recognized as revenue in the period in which it is earned. The amounts are reported as an increase in unrestricted net assets unless otherwise restricted by the donor. Realized and unrealized gains and losses on investments are classified and recorded as increases or decreases in unrestricted net assets, unless otherwise restricted by the donor.

Property and Equipment

Purchased property and equipment is carried at cost. Donated property and equipment is recorded at market value at date of donation. The Headquarters office capitalizes all expenditures for property and equipment in excess of \$10,000; the fair value of donated property is similarly capitalized. Affiliate assets costing \$1,000 or more are capitalized and are comprised of computers, office equipment, furniture, fixtures and leasehold improvements. As of March 31, 2008, accumulated amortization of intangible assets totaled \$1,000,000.

Federal Income Taxes

The Organization is a tax-exempt entity under Section 501(c)(3) of the Code under a determination letter issued by the Internal Revenue Service. The Affiliates of the Organization have a separate group determination letter, under the umbrella of the Organization's exemption, recognizing their exempt status under Section 501(c)(3) of the Code.

Further, the Organization has been classified as an organization that is not a private organization under Section 509(a) of the Code, and, as such, contributions to this Organization qualify for deduction as charitable contributions. However, income generated from activities unrelated to the Organization's exempt purpose is subject to tax under Section 511 of the Code. The Organization did not have any material unrelated business income for the years ended March 31, 2008 and 2007. Therefore, no tax liability has been provided in the accompanying consolidated financial statements.

On October 16, 2007, the Organization formed the Alliance, a social welfare organization, under Section 501(c)(4) of the Code. The Alliance performs research and provides education and community outreach regarding breast health, as well as seeks legislation germane to adequate funding (and the allocation thereof) for research into breast cancer and other cancers. Under Section 501(c)(4), a social welfare organization is not subject to monetary limitations on lobbying expenditures that further its exempt purpose. The Alliance is a tax-exempt entity under Section 501(c)(4) of the Code under a determination letter issued by the Internal Revenue Service.

Market and Credit Risk Concentrations

The Organization's investments do not have a significant concentration of credit or market risk within any industry, specific institution, or group of investments. Cash balances over \$250,000 for each account are not covered by FDIC insured limits, but the Organization does not believe there is significant credit or market risk associated with these amounts.

Deferred Revenue

Resources received in exchange transactions are recognized as deferred revenue to the extent that the earnings process has not been completed. These resources are recorded as unrestricted revenues when the related obligations have been satisfied.

Functional Allocation of Expenses

The costs of providing the Organization's various programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The categories of expenses in the fiscal year 2007 consolidated statement of functional expenses (the Statement) were expanded in order to be comparable with the 2008 Statement.

Advertising Expenses

The Organization incurred advertising expense of approximately \$44.1 million and \$41.8 million for the years ended March 31, 2008 and 2007, respectively. The majority of advertising has been contributed and is included in marketing and communications in the consolidated statements of functional expenses. Advertising is expensed upon first showing.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Retirement Plan

The Organization has a defined contribution retirement plan under the provisions of Section 403(b) (the 403(b) Plan) of the Code. The Organization matches employee contributions to the extent of 6% of employees' annual salary. All employees are eligible to make deferrals immediately. However, participants are not eligible to receive the employer matching contribution until after one year of continuous employment. The 403(b) Plan expense was approximately \$439,000 and \$449,000 for the years ended March 31, 2008 and 2007, respectively.

1. General Information and Summary of Significant Accounting Policies (continued)

The Organization has a nonqualified deferred compensation plan subject to the provisions of Section 457 of the Code (the 457 Plan). The 457 Plan is maintained primarily for a select group of management. Funding is at the discretion of the Board of Directors. In fiscal years 2008 and 2007, approximately \$8,000 and \$96,000, respectively, was funded. In addition, \$53,000 was forfeited in fiscal year 2008.

Recent Accounting Pronouncements

In July 2006, Financial Accounting Standards Board (FASB) Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109, Accounting for Income Taxes*, was issued. Prior to FIN 48, the determination of when to record a liability for tax exposure was based on whether a liability was considered probable and reasonably estimable in accordance with FASB Statement No. 5, *Accounting for Contingencies*. The effective date of FIN 48 was delayed for a nonpublic not-for-profit organizations to fiscal years beginning after December 15, 2007, by FASB Staff Position FIN 48-b, effective December 19, 2007. The Susan G. Komen for the Cure Organization fits this FASB definition of a nonpublic not-for-profit and will formally adopt FIN 48 with the issuance of financials for the fiscal year ending March 31, 2009.

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*, which provides guidance on how to measure assets and liabilities that use fair value. SFAS 157 will apply whenever another U.S. GAAP standard requires or permits assets or liabilities to be measured at fair value. SFAS 157 does not expand the use of fair value to any new circumstances. This standard will also require additional financial statement disclosures. SFAS 157 will be effective for financial assets and liabilities in financial statements issued for fiscal years beginning after November 15, 2007, and will be effective for nonfinancial assets and liabilities in financial statements issued for fiscal years beginning after November 15, 2008. The Organization has not evaluated the potential impact of this standard but anticipates that although it will have no material impact on its financial position and results of operations, additional disclosure of the Organization's investment activities will be required..

1. General Information and Summary of Significant Accounting Policies (continued)

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities—Including an Amendment of FASB Statement No. 115*. SFAS 159 permits companies to choose to measure at fair value many financial instruments and certain other items that are not currently required to be measured at fair value. Entities choosing the fair value measurement would be required to recognize subsequent changes in the fair value of those instruments and other items directly in earnings. This standard also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS 159 is effective beginning the first fiscal year that begins after November 15, 2007. At this time, the Organization does not anticipate electing to use the fair value measurements permitted by this standard.

2. Investments

The Organization incurred investment expenses of approximately \$183,000 and \$172,000 in fiscal years 2008 and 2007, respectively. Investments at March 31, 2008 and 2007, were comprised of the following:

3. Receivables

Net receivables were \$65,089,674 and \$56,758,646 at March 31, 2008 and 2007, respectively. Receivables that are expected to be collected within one year are recorded at net realizable value. Receivables that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the agreements are expected to be satisfied (1.3% to 3.31% at March 31, 2008). The discount reserves for fiscal years 2008 and 2007 were approximately \$1,021,000 and \$1,094,000, respectively.
