Report of Independent Auditors

The Board of Directors

The Susan G. Komen Breast Cancer Foundation, Inc. dba Susan G. Komen for the Cure

We have audited the accompanying consolidated statements of financial position of The Susan G. Komen Breast Cancer Foundation, Inc. dba Susan G. Komen for the Cure and its Affiliates (the Organization) as of March 31, 2007 and 2006, and the related consolidated statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Organization's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Susan G. Komen for the Cure and its Affiliates at March 31, 2007 and 2006, and the consolidated results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying statement of financial position by Affiliate as of March 31, 2007, schedules of revenue by Affiliate and schedules of functional expenses by Affiliate for the year ended March 31, 2007 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information has been subjected to the auditing procedures applied in our audits of the consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Consolidated Financial Statements

1. General Information and Summary of Significant Accounting Policies

General Information

The Susan G. Komen Breast Cancer Foundation, Inc. (the Organization), a Texas not-for-profit corporation, was incorporated in July 1982. During fiscal year 2007, the Organization began doing business as Susan G. Komen for the Cure. The primary mission of the Organization is to eradicate breast cancer as a life-threatening disease by advancing research, education, screening and treatment. Research advancement is achieved through relationships with medical and cancer centers throughout the United States, as well as internationally. Treatment and screening programs, primarily funded through the Organization's Affiliates, produce affordable treatment and screening for the medically underserved and other target populations. The Organization's reach has expanded tremendously since its inception, due in large part to the Komen Race for the Cure® Series and other fund-raising programs and events, as well as the Organization's many donors, corporate partners and educational initiatives and materials. As a result of this heightened awareness of breast cancer, millions have received the life-saving message of early detection.

The consolidated financial statements of the Organization include the activity of the Organization's International Headquarters, as well as 122 and 116 Affiliates in 2007 and 2006, respectively. All significant intercompany accounts have been eliminated in the accompanying consolidated financial statements. The Komen Race for the Cure® Series (The Race Series), a series of 5K and one-mile walk/runs, were held in 117 and 111 cities across the United States during 2007 and 2006, respectively. Up to 75% of the net proceeds generated by the Affiliates are used to fund breast cancer education, treatment and screening projects within the local communities. The remaining 25% is used to fund breast cancer research and project grants on a national level.

In fiscal year 2004, the Organization became the net beneficiary of the Breast Cancer 3-Day, a project of the National Philanthropic Trust (NPT), an independent nonprofit organization. Breast Cancer 3-Day is a series of three-day walks that raise funds for the fight against breast cancer. Twelve events took place in both fiscal years 2007 and 2006. The combination of the events is considered "The Series." NPT is the event manager for The Series. As the primary beneficiary, the Organization received 85% of the net proceeds to support breast cancer research, education, screening, and treatment programs. The remaining 15% of the net proceeds were directed to the

A total of \$42,200,000 in net proceeds was received by the Organization in fiscal year 2007 and is included as a contribution in contributions, sponsorships, and race entry fees in the consolidated statements of activities. Twelve events are scheduled to occur in fiscal year 2008. NPT is not financially interrelated with the Organization.

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States for not-for-profit organizations. Under these provisions, net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Expenses are classified as unrestricted. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that will be met either by actions of the Organization and/or the passage of time. When a restriction is satisfied or expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the unrestricted net asset class.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

1. General Information and Summary of Significant Accounting Policies (continued)

The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted revenue. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed Goods and Services

Total contributed goods and services for the years ended March 31, 2007 and 2006, were approximately \$52,622,000 and \$50,260,000, respectively, and primarily relate to local television, radio and newspaper advertising for The Race Series events. Contributed materials and equipment are reported as contributions in the accompanying consolidated financial statements at their estimated value at date of receipt. Contributed services are reported in the accompanying consolidated financial statements at the fair value of the services received. The contribution of services is recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

In addition, the Organization receives services from a large number of volunteers who give significant amounts of their time to the Organization's programs, fund-raising campaigns and management. No amounts have been reflected for these types of donated services, as they do not meet the criteria outlined above.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and all highly liquid investments with a remaining maturity of three months or less when purchased.

Investments and Investment Revenue Recognition

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value.

Investment income includes dividends and interest and is recognized as revenue in the period in which it is earned. The amounts are reported as an increase in unrestricted net assets unless otherwise restricted by the donor. Realized and unrealized gains and losses on investments are classified and recorded as increases or decreases in unrestricted net assets, unless otherwise restricted by the donor.

Property and Equipment

Purchased property and equipment is carried at cost. Donated property and equipment is recorded at market value at date of donation. The Headquarters office capitalizes all expenditures for property and equipment in excess of \$10,000; the fair value of donated property is similarly capitalized. Affiliate assets costing \$1,000 or more are capitalized and are comprised of computers, office equipment, furniture, fixtures and leasehold improvements. Fixed assets are depreciated on a straight-line basis over the following periods:

- Furniture and fixtures 5 – 7 years
- Equipment 3 – 5 years
- Software 3 years
- Leasehold improvements Estimated life of the asset or the lease term (whichever is shorter)
- Intangible assets 5 – 7 years

Retirement Plan

The Organization has a defined contribution retirement plan under the provisions of Code Section 403(b) (the 403(b) plan). The Organization matches employee contributions to the extent of 6% of employees' annual salary. All employees are eligible to make deferrals immediately.
