

Justin Ricketts

Vice President, Information Technology

As vice president, information technology at Susan G. Komen for the Cure, Justin Ricketts provides the technology vision and leadership in the development and implementation of enterprise-wide IT programs. Ricketts partners with decision makers in all departments to identify and implement technology solutions that reduce costs and accelerate science.

Prior to joining Komen in 2007, Ricketts served as executive director, solutions design and consulting at Kaiser Permanente. Before that, he was an IT director for WellPoint Health Networks. His 15-year professional background includes significant IT organization turnaround experience. This was demonstrated by his successful transformation of ineffective IT divisions into trusted business partners and award winning teams within Kaiser Permanente and WellPoint.

Justin received his Bachelor of Science in Management Information Systems from the University of Texas at Arlington.
