FORM 990, PART III - ORGANIZATION'S PRIMARY EXEMPT PURPOSE
=====

THE PRIMARY EXEMPT PURPOSE (MISSION) OF THE CHAPTERS OF THIS GROUP RETURN IS TO ERADICATE BREAST CANCER AS A LIFE THREATENING DISEASE BY ADVANCING RESEARCH, EDUCATION, TREATMENT AND SCREENING.

OUR MISSION

THE MISSION OF THE SUSAN G. KOMEN BREAST CANCER FOUNDATION, DBA SUSAN G. KOMEN FOR THE CURE, IS TO SAVE LIVES END BREAST CANCER FOREVER BY EMPOWERING PEOPLE, ENSURING QUALITY CARE FOR ALL AND ENERGIZING SCIENCE TO FIND THE CURES.

IN 1980, NANCY G. BRINKER WATCHED HELPLESSLY AS HER SISTER, SUSAN G. KOMEN, DIED AFTER A THREE-YEAR BATTLE WITH BREAST CANCER. BEFORE SUSAN DIED, NANCY MADE A PROMISE THAT WOULD CHANGE THE WORLD: TO END BREAST CANCER FOREVER.

IN 1982, THAT PROMISE LAUNCHED SUSAN G. KOMEN FOR THE CURE®, WHICH, IN 26 YEARS, HAS BECOME THE GLOBAL LEADER OF THE BREAST CANCER MOVEMENT, CREATING THE WORLD'S LARGEST GRASSROOTS NETWORK OF CANCER SURVIVORS AND ACTIVISTS, INVESTING HUNDREDS OF MILLIONS OF DOLLARS EACH YEAR FOR RESEARCH, EDUCATION, SCREENING AND TREATMENT AND ENCOURAGING STAKEHOLDERS EVERYWHERE TO MAKE CANCER A TOP PRIORITY.

OUR PLAN IS STRAIGHTFORWARD: WE FUND CUTTING-EDGE RESEARCH TO FIND THE CURES - \$100 MILLION IN 2008 ALONE. THROUGH OUR 122 U.S. BASED SUSAN G. KOMEN FOR THE CURE AFFILIATES AND 3 INTERNATIONAL AFFILIATES, WE'LL PROVIDE AN ADDITIONAL \$160 MILLION THIS YEAR TO PAY FOR MAMMOGRAMS, CANCER EDUCATION, TREATMENT AND OTHER FORMS OF DIRECT HELP. AND WITH AN ADVOCACY NETWORK OF MORE THAN 200,000 PEOPLE, WE ENCOURAGE THE STAKEHOLDERS TO INCREASE FUNDING FOR CANCER RESEARCH AND MAKE SCREENING AND TREATMENT AVAILABLE TO ALL.

FOR MORE INFORMATION ABOUT SUSAN G. KOMEN FOR THE CURE, OUR GRANTS AND FUNDING, AFFILIATES, OR BREAST HEALTH AND BREAST CANCER, PLEASE VISIT WWW.KOMEN.ORG OR CALL 1-877 GO KOMEN (1-877-465-6636).

Form 990, Part III – Exempt Purpose Accomplishments:

Susan G. Komen for the Cure®

The Susan G. Komen Breast Cancer Foundation, DBA Susan G. Komen for the Cure®, was founded on a promise made between two sisters - Nancy Goodman Brinker and her dying sister, Susan Goodman Komen. Suzy was diagnosed with breast cancer in 1978 at a time when little was known about the disease and it was rarely discussed in public. Before she died at the age of 36, Suzy asked her sister to do everything possible to bring an end to breast cancer. Nancy kept her promise by establishing Susan G. Komen for the Cure in 1982.

Today, Komen for the Cure is the world's largest grassroots network of breast cancer survivors and activists fighting to save lives, empower people, ensure quality care for all and energize science to find the cures. Thanks to events like the Komen Race for the Cure, we have invested nearly \$1 billion to fulfill our promise, becoming the largest source of nonprofit funds dedicated to the fight against breast cancer in the world.

Our Race for the Cure® Series

As the organization's signature event, the Susan G. Komen Race for the Cure® Series reaches more than one million people each year with the life-saving message that early detection saves lives. Early detection remains our strongest defense against this disease. As such, the five-year survival rate is 98 percent when breast cancer is discovered while still confined to the breast. In order to increase breast cancer survival, the organization employs the Race Series to educate individuals about the importance of a positive breast health program in detecting breast cancer in its earliest, most treatable stages.

Up to 75 percent of the net monies raised by Komen Affiliates through events like the Race Series remain in the local community to fund community outreach programs that address the specific unmet breast health needs of the individuals living there. Remaining net monies (a minimum of 25 percent) from Komen Affiliate events like the Race Series help support the Komen Award and Research Grant Program conducted by the Komen parent organization, which provides funding for innovative breast cancer research and a variety of meritorious awards.

In order to ensure their funds are making the greatest impact, Komen Affiliates work with local medical experts and community leaders to conduct comprehensive community needs assessments. The community profiles are then used to guide local grant funding to meet the gaps identified in the needs assessment.

Highlights of life-saving services for people in need...

Komen Affiliates work with health care providers and community leaders to fill unmet breast health and breast cancer needs in their communities.

- Outreach and education programs to increase the use of mammography by women over 40 year of age.
- Free or low-cost mammography programs for low-income women.
- Transportation or childcare programs for women getting screening or treatment.

- Patient Navigation to ensure that all patients with an abnormal mammogram get timely diagnosis and treatment.
- Translation services to non-English speakers
- Financial assistance for recently-diagnosed breast cancer patients
- Support groups and counseling
- Educational material development and dissemination
- Nutrition services for breast cancer patients
- Caregiver support programs
- Health care professional training
- End of life care

Part III, Specific Accomplishments: Our grants support major initiatives in screening, treatment, and education...

Through its Affiliates, Susan G. Komen for the Cure addresses the unmet breast health needs in local communities in order to close the gaps in health care. Komen for the Cure Affiliates make grants in their service areas to support life-saving programs throughout the continuum of care. Grant applications are reviewed by experts from the community. The process is competitive, with only the highest-impact applications receiving funds. These community profiles are then used to guide local grant funding and programs in the following areas:

- Program Service Accomplishment a- Health Screening Programs and Grants: Breast Cancer screening programs are funded by affiliates that address the specific unmet breast health needs of the individuals living within the affiliate service areas. Getting tested regularly is the best way for women to lower their risk of dying of breast cancer. Last year, Komen Affiliates provided funding for 158,022 clinical breast exams and 207,433 mammograms. When something suspicious is detected by a mammogram or other screening test, diagnostic tests are often needed. Last year, grants made by Komen Affiliates made it possible for 48,515 people to obtain these life-saving tests. Finally, and most importantly, 3,616 cases of breast cancers were detected. Early detection and effective treatment have been proven to improve survival. By detecting these cancers sooner rather than later, countless lives were saved.
- Program Service Accomplishment b- Public Health Education Programs and Grants: Komen affiliates work to further public health education with programs and grants in their affiliate service areas regarding breast health and breast cancer information. Over 1.4 million people received breast cancer education as part of a Komen-funded grant. The nonprofit organizations that receive Komen for the Cure grants, help us spread the word that breast cancer know no boundaries – be it age, gender, socioeconomic status, or geographic location
- Program Service Accomplishment c.-Health Treatment Programs and Grants: These treatment programs and grants provide funding and support for underserved, uninsured, and the medically underserved in the particular affiliate’s service area. Taking part in a clinical trial, offers the person the chance to potentially benefit from a new treatment as well as participate in research that may help others in the future. Thanks for Komen for the Cure grants, 2,166 people were enrolled in breast cancer clinical trials and 16,000 additional people were educated about clinical trials. When someone receives a diagnosis of breast cancer, adequate support often means the difference

between them getting treatment and not getting treatment. Last year, over 47,000 people benefited from psychosocial services and another 29,000 received other kinds of treatment assistance funded by Komen for the Cure Affiliates. With over 2.5 million breast cancer survivors in the United States today, this support is more important than ever.

Making a Difference...

Today, there are more than two million breast cancer survivors alive in the United States. That's because breast cancer is being found earlier due to increased awareness and greater use of screening tests, as well as better treatment options. This means a better chance of surviving and a better quality of life than ever before.

We are proud of the part we have played in the fight against breast cancer since we began more than 25 years ago. Yet there is still much more to do. And until a cure or cures are found, we will continue to work to make a difference in the lives of people affected by breast cancer.

Form 990, Schedule A, Part III – Explanation for Line 2a and 2c:

Some Board Members of Susan G. Komen for the Cure's Affiliates are also employees of organizations that qualify to receive grants from the foundation affiliates. The foundation affiliates have strict policies regarding the review and grant award approval process which includes the processing of grant applications through an independent and objective affiliate review process. A volunteer review panel is formed for the purpose of evaluating and recommending which organizations should receive grant funds. The members of this panel must confirm that they have no conflict of interest in these decisions. Once their recommendations are sent to the individual affiliate board for approval, any affiliate board members who are also officers of the organizations being recommended to receive grant funds abstain from any discussion or voting on the approval of Grant Awards.

Some affiliate board members are also employees of Komen event sponsors or Race for the Cure Sponsors. The Foundation believes all the sponsorship transactions undertaken with companies associated with board members were negotiated at arms length following the provisions of the foundation's conflict of interest policy.

Baton Rouge - Alicia Chatman, the board secretary, is an employee of the Investar Bank where the affiliate has a CD.

Central Georgia - Amy Gerwig is an affiliate employee. Her sister, Sarah Gerwig serves as an affiliate board member.

Columbus – Julie Oyster is Affiliate board treasurer and also the VP at Huntington National Bank where the Affiliate has all investment and cash accounts.

Denver – Erika Moore is a Board Member who is an attorney. She represents The Downing Group contract for the Tri for the Cure - 3rd Party Event of the Affiliate. The Downing Group was also our Race Event Management Company during FY 07-08.

Jan Haft is a Board Member who worked part time for The Downing Group during FY 07-08.

Greater Kansas City- Key Employee Lori Maris' husband Jeff Maris, is associated with BIOS Technologies, an affiliate vendor.

Lowcountry - Paul Barron is an affiliate board member who leased an office to the affiliate.

Lexington - David Moore is a Vice President at Central Bank & Trust Financial institution where affiliate funds are held.

Nebraska - Dr. Robert Langdon, Jr., Board Member – Dr. Langdon's Oncology Hematology West, PC provides in-kind donation of office space to the Nebraska affiliate of the Susan G. Komen Breast Cancer Foundation, Inc. at no charge.

North Jersey - Joseph & Deb Belfatto, affiliate Board Member and Executive Director, are the owners of the office that is leased to the Affiliate. The affiliate pays rent at below FMV for the property and provides the Belfatto's a sponsorship acknowledgement at an affiliate event for the difference between the Fair Market Value of the property and what the affiliate pays in rent.

Ken McKenna, affiliate Board Member is husband of Kathy Hubert employed by the affiliate as Grants Manager.

Form 990, Schedule A, Part III – Explanation for Line 2a and 2c:

San Diego – Leisha Guerra, affiliate board member, is employed by In Motion. The San Diego Affiliate uses In Motion for Race Management Services.

South Florida - Dave Ragsdale, a Board of Directors Member is publisher of Competitor Southeast magazine in the affiliate advertises their race.

Southern Arizona - Cindy Jordan-Nowe, Board Member is the account Mgr for L, P & G Advertising who provides advertising for the affiliate.

Tulsa - LeAnne Taylor-Erwin, Board Member is an employee of the News on 6 who was a in-kind advertiser for the affiliate race.

Vermont – New Hampshire – Debbie Peretz, Board Member, received compensation for printing services in the amount of \$8,500.

The foundation believes that the above listed transactions were negotiated at arms length and following the provisions of the foundation's conflict of interest policy.

SCHEDULE A, PART III, LINE 3A

Grants Purpose and Process Summary

The Susan G. Komen Breast Cancer Foundation (The Foundation) funds awards and research projects at leading institutions around the globe. Combined with the funding of community outreach programs that provide much-needed screening, treatment and education programs for the medically underserved, the Foundation is diligently working to not only find a cure for breast cancer – but to also discover its causes and methods of prevention so that one day breast cancer is completely eliminated from our world. It will require both research and community outreach to reach our ultimate goal to eradicate breast cancer as a life-threatening disease.

The Foundation provides funding for basic, clinical, and translational breast cancer research and for innovative projects in the areas of breast health education, breast cancer screening, and treatment. In addition, the Foundation awards three-year postdoctoral fellowships to individuals working under the guidance of experienced cancer researchers in order to recruit and retain young scientists in the field of breast cancer research. The Principal Investigator (PI) and the institution sponsoring the research are awarded the grant and are responsible for reporting on the progress of the research. Credited as a leading catalyst in the fight against breast cancer, the Foundation runs one of the most innovative, responsive grant programs in breast cancer research today with a focus on research projects with potential for high impact. Often, The Foundation is the only source of dollars for high risk projects.

For complete grant application information log on to www.komen.org or for a direct link go to;

Applicants must register via the e-grantmaking Web site proposalCentral at : <https://v2.ramscompany.com/> before submitting an application. All applications must be submitted electronically via proposalCentral.

Candidates interested should visit the Komen Web site at www.komen.org/grants for more information or contact the grants department at 1-888-300-5582.

HEADQUARTERS GRANTS

All grant applications are reviewed in our independent, blinded, peer review process. Each application is reviewed by experts in the field of breast cancer and a group of qualified breast cancer advocates. Advocate reviewers provide the critical patient perspective, assessing non-scientific aspects of research proposals.

The Foundation solicits independent reviewers annually to read grant applications submitted for the various national funding programs. Nominees are considered based on qualification and area of expertise and are chosen according to the need in each funding program. Self-nominations are accepted. Review committee members serve for a one-year term with an availability of two additional years and are asked to sign a Conflict of Interest and Confidentiality statement. Prior to reviewing applications, reviewers are required to list all institutions or organizations with which they may have a possible conflict.

Reviewers are asked to not review an application if there is a financial benefit or employment, personal or business interest in the organization submitting the application. Reviewers are also instructed to not review an application if reviewing it would give the appearance of a conflict of interest. The Foundation maintains a record of reviewers who report a potential conflict of interest.

The grant applications are submitted to a blinded review - a review process where steps are taken to ensure the applicant's identity and institution are not known by the reviewers. Applicants are asked to remove self-references from the body of the application, reference pages, and/or any other identifying information that will be provided to the reviewers.

Applications recommended for funding by the independent review panel are selected based on their scientific merit and their potential to have a positive impact on breast cancer and are deemed superior. Only superior applications are presented to the Foundation's Board of Directors for final approval. Applicants are notified of their grant approval and must execute a Grant Agreement, which outlines the terms of the grant.

Grant funds must be expended in accordance with the project's approved budget. The Foundation disburses the first year's budgeted grant funds upon its receipt of the signed Grant Agreement. For each additional year of the grant, except the final year, the Foundation disburses 100 percent of the budgeted funds for such year upon its receipt of a satisfactory and timely progress report for the prior year. For the final year of the grant, the Foundation disburses 80 percent of the approved budget funds upon receipt of a satisfactory progress report and the remaining 20 percent upon receipt of a satisfactory final progress and fiscal report.

The Foundation also offers a wide variety of innovative awards and programs that honor and support individuals touched by breast cancer. These awards include:

The Komen Foundation Brinker Award for Scientific Distinction recognizes outstanding work that has advanced basic research concepts or affected clinical or social-behavioral applications in the field of breast cancer research, screening, treatment or prevention. The intent is to recognize scholars for a specific contribution, a consistent pattern of contributions, or leadership in the field that has had a substantial impact on breast cancer. The nominations for this award come from the nominating committee and the general public. The selection of the recipient is done by the selection committee. Each committee is comprised of former Brinker awardees. The recipients cannot be relatives of The Foundation's Board of Directors, the Foundation's Advisory council, or the Foundation's Executive Team.

The Komen Professor of Survivorship Award honors and supports research and education that focus on survivorship and quality of life issues for breast cancer survivors. This award was established with the goal of advancing research and awareness on the issues surrounding long-term survivorship of breast cancer. Nominations come from the public and former awardees. The selection is done by a committee that is made up of former awardees. Recipients cannot be relatives of The Foundation Board of Directors, the Foundation's Advisory council, or the Foundation's Executive Team.

http://www.komen.org/intradoc-cgi/idc.cgi_isapi.dll?IdcService=SS_GET_PAGE&nodeId=561

The College Scholarship Award Program assists students who have lost a parent to breast cancer. The program offers college scholarships of up to \$10,000 a year, over a four-year period, to young adults (graduating high school to age 25). Five scholarships are awarded. Scholarships are renewable upon satisfactory progress toward the completion of a degree. Applications for these awards go through a multi-faceted process. First, the submitted applications are screened by Foundation personnel to ensure that the basic award guidelines are met. Second, independent selection committees, members of which have completed conflict of interest verifications, review and score the applications to determine the finalists. Lastly, the finalists are interviewed by the selection committee and the winners are determined. The scholarship recipients cannot be relatives of The Foundation Board of Directors, the Foundation's Advisory council, or the Foundation's Executive Team.

http://www.komen.org/intradoc-cgi/idc_cgi_isapi.dll?IdcService=SS_GET_PAGE&nodeId=562

The Interdisciplinary Breast Fellowship Program is designed to prepare highly motivated, talented and compassionate physicians for careers dedicated to serving the multi-specialty needs of breast cancer patients. Applications for this Award are received and reviewed by an external, independent committee. The committee's recommendations are forwarded to the Foundation's Board of Directors for final approval. Recipients cannot be relatives of The Foundation Board of Directors, the Foundation's Advisory council, or the Foundation's Executive Team.

AFFILIATE GRANTS

In addition to Foundation research grants, Foundation Affiliates (the Affiliates) fund non-duplicative, community-based projects that are breast cancer Screening, Treatment and Education Programs (STEP). Affiliates also fund Clinical Research Affiliate Funding Trials (CRAFT) grants to increase the capacity of Breast Cancer Research in Affiliate communities in order to allow more women the option of participating in clinical trials. The purpose of the Foundation Affiliate is to fulfill the mission of the Foundation within a defined service area. The Foundation's Affiliate network is organized by volunteers committed to establishing needed breast health services and enhancing existing services within their communities. The Affiliates award grants only to other nonprofit organizations, educational institutions and government entities within the boundaries of their defined service areas.

In order to ensure they are funding programs that address the specific unmet breast health needs of their communities, Affiliates work with local medical experts and community leaders to conduct comprehensive community needs assessments. These community needs assessments are used to solicit local grant application consistent with the Foundation's standards and mission.

Annually, Affiliates publicize the availability of grant funds and issue Requests for Proposals (RFP). All Grant Applications are processed through an independent and objective Affiliate review procedure annually. Affiliates may not fund multi-year grant contracts. All current grantees must resubmit requests annually for continued funding.

A volunteer review panel is formed for the purpose of evaluating and rating all grant applications. This panel is responsible for making funding recommendations to the Affiliate Board of Directors.

Members of the review panel come from various organizations within the community and offer varied backgrounds in screening, women's health, education, cancer support services, and community health services delivery. The members confirm that they have no conflict of interest and their identity is kept anonymous to the applicants until all funding decisions have been made.

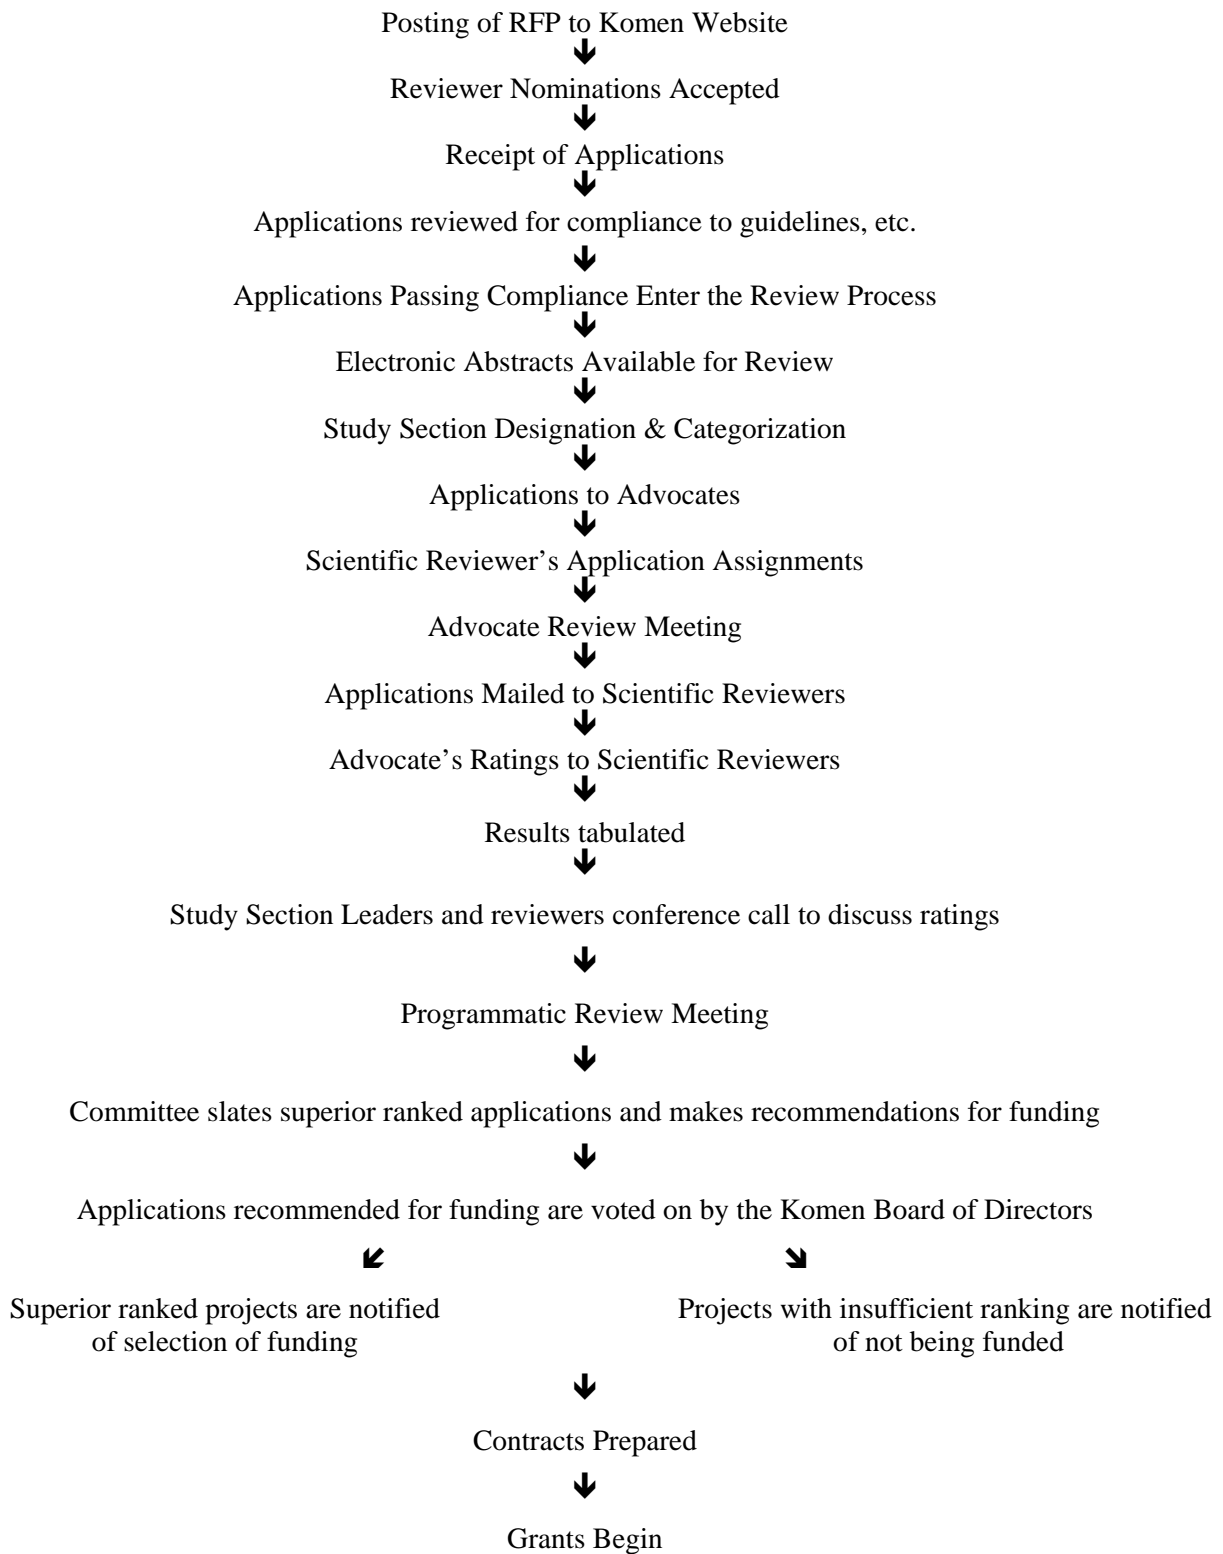

Once all of the applications have been reviewed for compliance with all instructions outlined in the RFP by the Affiliate, the completed applications are submitted to the review panel.

Reviewers rate each application according to the criteria and instructions given by the Affiliate. When the review is complete, the Affiliate tabulates the ratings to generate a ranking of top-rated applications. The list of recommended grants in order of funding priority, also called the slate, is sent to the Affiliate's Board of Directors for funding approval.

The responsibility of approving grant funding ultimately lies with the Affiliate Board of Directors. After receiving the funding recommendations, the Affiliate Board of Directors will vote to approve or decline the slate of grants and determine the payment schedule

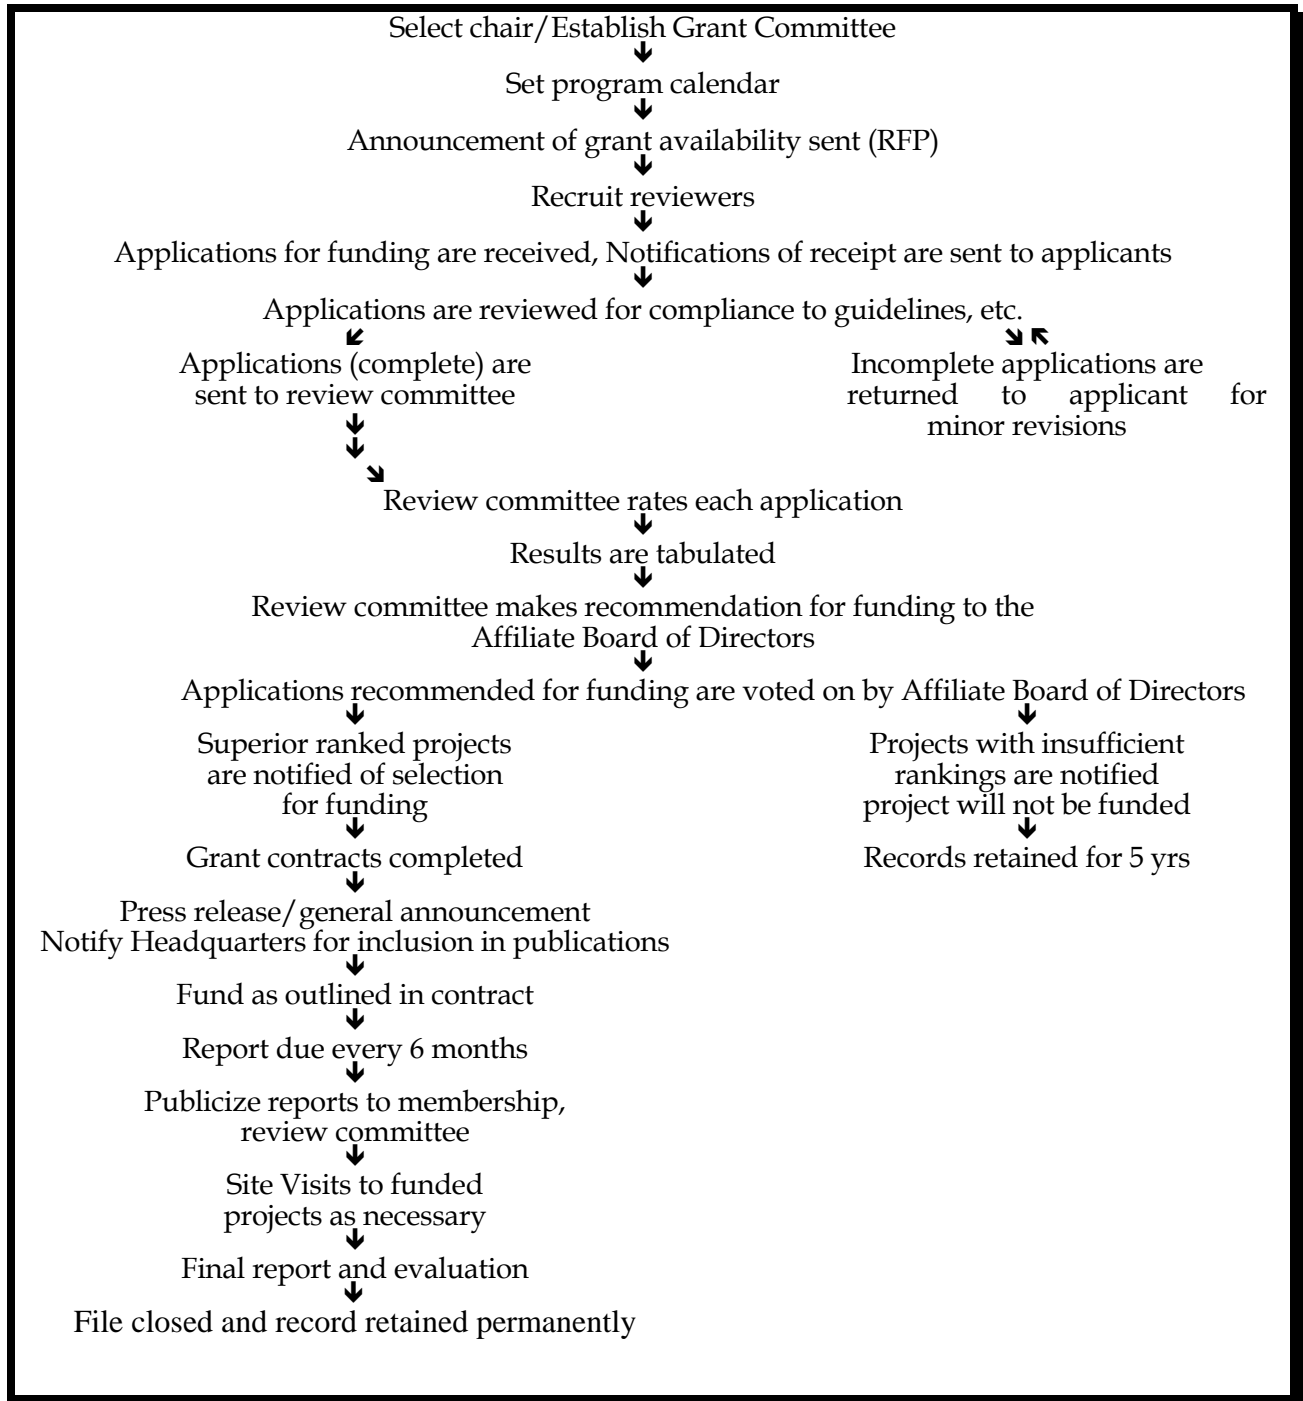

A grant contract is issued for each grant awarded. Upon receipt of the executed contract, funding may commence according to the schedule approved by the Affiliate Board of Directors. The grant payments are divided into between two and four disbursements. The first payment is made after receipt of the signed contract. The second through fourth payments are made after successful completion of the Grant Progress Reports.
